

# ORANGUTAN MASK CRAFT

## GATHER MATERIALS

Plate, glass, pencil, markers or crayons, scissors, cardboard (cereal boxes work great!)

### STEP 1

Lay a piece of cardboard flat and use a plate to trace a circle

### STEP 2

Use a glass to trace a smaller circle at one end for the chin

### STEP 3

Add eyes, nose, and mouth

### STEP 4

Decide what kind of orangutan you want to be! Add hair like a female orangutan, crazy hair like a baby, or use the plate to trace cheek pads like a flanged male

### STEP 5

Cut out the mask and take a picture!

## DID YOU KNOW?

Orangutans are threatened by deforestation, so using recycled materials is a great way to help preserve their habitat!
